

OCTOBER 16-18, TAMPA, FLORIDA

WWW.MOONEYSUMMIT.COM

MOONEYSUMMIT

Registration for Mooney Summit VIII is now Open!!

Go to www.mooneysummit.com to register.

There are a number of changes for this year's Summit that will allow us to accommodate everyone who wishes to attend while still maintaining the highest quality of presenters, facilities, and opportunities for socializing and learning with our Mooney brothers and sisters. We're excited to have the opportunity to grow the value of the Mooney Summit to all, and continue our benevolent support of those who experience tragedy through your generous contributions to the

Bill Gilliland Foundation.

One of the biggest changes is the change of venue to Peter O Knight Airport (KTPF) in Tampa FL. This was necessary as we had outgrown all of the suitable venues at Panama City Beach and we don't want to wait-list anyone. We have room to grow! We will be forever grateful to PCB and KECP for their support and hospitality.

Another change precipitated by the move to a larger venue and the current unavailability of some corporate sponsorship funds is the addition of a small registration fee for pilots and individual attendees. This fee will help replace a portion of the sponsorship funds the Summit depends on to provide a world class event for you and to secure a larger conference facility. Each paid registration will be able to register their non-pilot spouse or significant other with no additional fee.

We will be posting information about this year's Summit on the web page as the schedule and agenda are fleshed out over the coming months. We are working to bring you the best Mooney Summit yet!

If you experience any issues with the registration process please email Rick Junkin at rick.junkin@mooneysummit.com and he will help get them resolved. We're using a new registration method this year so your feedback on how its working is also extremely valuable. Just let Rick know of your suggestions.

**Fly and be safe,
Mike, Rick and the rest of the Mooney Summit Team!!**
